

1. Beautification of beach promenade in Puducherry

This is a unique beach side walk way on the French quarter with French heritage houses on the other side. This 1.5 k.m beach side walk way is the major relaxing spot in Puducherry. The plans include the beautification of the beach road keeping in mind the growing number of visitors, both local and tourists, who throng the beach road every single day. It is also proposed to extend the walk way by another 1 k.m upto Botanical Garden.

2. Renovation of Botanical Garden in Puducherry

The botanical garden, Pondicherry is one of the oldest Botanical Gardens in the country. Mention of the word Botanical Garden has been made as early as 1740 in the history of Pondicherry. However the actual Botanical Garden was established in May 1826. It is one of the landmarks and precious heritage of Pondicherry. It is a preferred spot for relaxation, entertainment and for enjoying nature in a pleasant atmosphere for the general public. The total extent of the Botanical Garden is 12.132 Ha.

3. Beautification of Lawspet Helipad area in Puducherry

Lawspet walkway is the proposed site with a helipad and is situated near an airport. It attracts a lot of fitness enthusiasts for its serene environment. The plan is to make this place more feasible by constructing a jogger's track, play area for kids, chit chat spots for elders etc. Landscaping ideas to beautify the place has to be provided by the consultant.

4. Beautification of Chunnambar river bank in Puducherry

Chunnambar 8 Kms. South of the city, is the only place in Pondicherry where the sea penetrates the land area and make it a safe beach sports area. The Chunnambar has scenic beauty. A trip from jetty to the seashore is pleasant and leaves cool memory. Though it covers a short distance, wading through the backwater enjoying the greenery of groves is potentially enchanting the reason why it has attraction for all ages of tourists. The beach at Chunnambar also known as Plage Paradiso, is located near the mouth of the backwater. The sand is pristine and the water is clean. The plan is to make this place more feasible by developing a jogger's track, landscaping, play area for kids etc. The old bridge in the river also proposed for development, the length of the bridge is 850 m and width is 6 m (approximately).

5. Beautification of Veerampatinam beach in Puducherry

The proposed site is 6 kms. from city. It is proposed for beautification, landscaping, children's play area and public convenience.

6. Development and beautification of entire stretch of Arasalar river

Beautifying the entire stretch with hard and soft landscape, pathway, public convenience, open café's, benches etc. Proposed development area is approximately 1.710 kms and width is 7.00 mts, it shall be extended upto 4 kms.
